Soul Writing Spiritual Retreat for aspiring and seasoned writers. Medicine wheel class for the writer exploring shamanism as a natural way to access the greater voice that wishes to flow through us. Poets, short story writers, novelists, and screen writers.

Entering into greater truth through words; evoking changes that heal the unconscious. As writers, we have the opportunity to heal the soul and heart. How do we begin? Where is the middle? And how do we close with devotion and care?

Writing is a service, a healing modality - the differentiation between our own process and writing, and writing that gifts other and community. If you love to write or if you long to write, begin. Now is the only time you have.

Space is limited. Pre-registration is required. Questions? Please contact Charlene at (206) 440-8886 or sundustoracle@comcast.net.
